

# NDOR's Mission Statement

*We provide the best possible statewide transportation system for the movement of people and goods.*

## NDOR Goals

**Safety**

**Fiscal Responsibility**

**Environmental Stewardship**

**Project Delivery**

**Asset Management**

**Mobility**

**Communication, Coordination,  
Collaboration & Cooperation**

**Workforce Development**

**NDOR has streamlined its Mission Statement,** however, our mission has not changed. We are still responsible for all the things we've been accountable for over the past many years. Similarly, we have become as efficient as is possible with the right equipment, a trained workforce, and the best technology.

We are gearing up with new performance measures to help us move forward most effectively with our eight strategic goals. The more we can measure the effectiveness of our work efforts and adjust accordingly, the more credibility we will earn with our stakeholders. Find NDOR's Performance Measures at [www.roads.nebraska.gov](http://www.roads.nebraska.gov).
