NDOR Environmental Section completes the following:

Programmatic Categorical Exclusion – 23 CFR 771.117

NDOR certifies that the proposed action satisfies the criteria of 23 CFR 771.117(a) and (b) and the Programmatic Agreement approved December 17, 2008 and no significant impacts will occur. NDOR and FHWA have concurred in advance with a CE classification and that an action with all negative responses requires no additional approvals from FHWA except for “yes” answers in the Permits and Special Provisions sections.

- Wetland Finding** – In compliance with Executive Order 11990, “Protection of Wetlands,” and with 23 CFR 771, 23 CFR 777, it is determined that there is no practicable alternative to the proposed new construction in wetlands and that the proposed action includes all practicable measures to minimize harm to wetlands which may result from such use.

As a result of environmental review, NDOR finds that this action does not: include significant impacts to planned growth or land use for the area; require the relocation of significant numbers of people or businesses; have a significant impact on any natural, cultural, recreational, historic or other resource; involve significant air, noise, or water quality impacts; have significant impacts on travel patterns or otherwise, either individually or cumulatively. All other environmental coordination, consultation, and requirements have been satisfied.

NDOR has determined that the proposed action has no significant impacts on the environment and that the proposed action is categorically excluded from the requirement to prepare an EA or EIS under the National Environmental Policy Act (*NEPA*). NDOR has been assigned and hereby certifies that it has carried out the responsibility to make this determination pursuant to the Programmatic CE Agreement executed between FHWA and NDOR.
