

Welcome!

January 2012

The NDOR Local Projects Web Area has a NEW look!

Tips on Navigating the Newly Redesigned Local Projects WebArea

IMPORTANT - Bookmarks or links to our old site will no longer work. You will have to re-bookmark and link as necessary to the new site.

- **DROP DOWN MENU** - Located on the RIGHT side of the Title Bar on each page. Use it to navigate through the pages.
- **NEW CATEGORIES & PAGES** - All forms, templates, samples, and related links are organized by category. The new pages are named to assist you in finding just what you need quickly. *For example, the DR 530 project programming form is located on the Project Initiation Page and all documents related to Procurement are located on the Consultant Procurement, Preliminary Engineering and Construction Engineering pages.*
- **SEARCH BUTTON** - There is a Search Button at the upper Left side of the Title Bar on each page. This Searches ONLY the Local Projects Division pages as opposed to the entire NDOR site. This should make locating documents and information easier.
- **CURRENT UPDATES PAGE** – This page will show the latest update to the LP pages, along with a link to the item updated and a description of the update. This page is [Subscribable](#). You can always check here for past updates, too.
- **SUBSCRIPTIONS** – Subscribers to the various pages of the old LP site have been moved to the new pages. You will NOT have to re-subscribe to receive emails whenever pages are updated/changed.
- If you have any questions or comments, please contact [Kari Ruse](#), LP Quality Management Coordinator, at 402-479-3859 or kari.ruse@nebraska.gov
